

SLIPSTREAM ADVENTURES

*CATERED CYCLING HOLIDAYS
THAT TAKE YOUR BREATH AWAY*

Experience some of the best road cycling routes,
and relax in the comfort of beautiful alpine
accommodations at the end of each ride day.

*We are a road cycling holiday company
for passionate cyclists.
We offer complete cycling experiences,
where all aspects of the trip are
organised, from the moment our riders
touch down at the airport, to the
itineraries of our unique destinations.*

Our Founder

Sam

I've managed cycling and running events for clubs and companies such as Vodafone, Deloitte, Natwest, Dulux, Heineken, Liberty Global, and Morgan Stanley.

From multi-day events such as Ride Across Britain and Grenoble to Nice, to the amazing achievements of clients in a single day in the London Revolution and the 100km Race to the King, Tower, and Stones. I have picked people up when they need a lift to get through a stage and fueled rider's fires to get them over the line first.

Working in The Alps over the past 6 years for a catered chalet company, I've fine-tuned the details which separate a good holiday from a truly memorable one.

Through my love for cycling, racing, and guiding, along with my qualifications in personal training, I understand individual capabilities and find the right balance of breathlessness.

These three elements are what I combine to create your next adventure.

Slipstream Adventures is a young
company with a wealth of experience

Our Tailored Adventures

Our history with Skiology is rooted like the pines of the Alps. We've partnered to deliver a unique week of the service Skiology guests know and love with the knowledge and experience Slipstream Adventures has in sports events, cycling, and active holidays.

The holiday will include 5 beautiful routes through the heart of the Northern French Alps, designed by an experienced guide who knows the area like the back of their hand.

Every itinerary is tailored* around each group and how far and fast they wish to go.

Each route will be an opportunity to test abilities and goals - there are many Tour de France KOMs along the way, or to simply cruise from cafe to cafe, or anything in between.

Our experience in large corporate groups and smaller projects, allows us to understand the sweet spot for every group.

**During the booking process, we will discuss the cycling level and what our clients want to get out of their holiday, so they can be 100% confident about what to expect before arriving.*

What's Included:

- The chalet team will treat our riders to nutritious breakfast, afternoon tea and delicious 3-course dinners throughout their stay.
- Transfers that will get cyclists from the airport to the accommodation door safely with their bike (bike hire can also be organised with local bike shops, contact us regarding rates).
- A guide who knows the area like the back of their hand and itineraries suited to your group.
- Stunning accommodation with a hot tub to soak your muscles after a day in the saddle.

Destinations

We lead our cyclists around The French Alps following an itinerary tailored to each group, to create a week they won't forget.

French Alps

Morzine is located in the Haute-Savoie region of the French Alps just 30km from Lake Geneva and a 1h15mins transfer from Geneva Airport.

Morzine is a bucket list destination for road cycling since repeatedly hosting the Tour and Dauphine. It has grown from being a world-famous ski and mountain biking resort to a mountain paradise all year round.

Its rich cycling history means it's full of bike shops, cafes and restaurants.

2023 will see the Tour de France return for a second year running so you can relive your moments on the bike when you see the World Tour team ride along the same roads.

This also means a huge investment into road surface quality.

BIBLIOTHEQUE

BIBLIOTHEQUE

Meals & Nutrition

A close-up photograph of three oatmeal cookies with dark chocolate chips. The cookies are arranged on a dark, textured slate surface. The cookie in the foreground is in sharp focus, showing its golden-brown, crumbly texture and the dark chocolate chips. The other two cookies are slightly out of focus in the background. The lighting is warm and soft, highlighting the texture of the cookies and the slate.

We create nutritionally complete meals whether choosing from our standard, vegetarian, vegan, or gluten-free menu.

Breakfast

This is the most important meal of the day, a chance to give the body all the fuel needed to kick off the ride in the right gear.

Available all 7 days

- Freshly cooked croissants and pain au chocolat.
- Fresh bread and jams
- A selection of cereals, fresh fruit, milk and yoghurts
- Fruit juice, tea and coffee

On 5 mornings (catered)

- Different tasty and filling freshly made options, such as Eggs Florentine, Smashed Avocado Toast, etc.
- Hot porridge

Afternoon tea

Afternoon tea will be waiting for the riders when back to the chalet at the end of each ride. Relax with a cup of coffee while tucking into the cake they've earned, this is how we like to finish the day!

We plan the itineraries to have plenty of downtime so riders can explore the area and make the most of being in a postcard town.

Dinner

Guests will be treated to a delicious 3-course meal 5 nights out of the 7 by your chalet team. We serve restaurant-quality food from the comfort of your home with wine included. Before and after dinner duties are taken care of, so riders can spend more time winding down.

The remaining 2 nights will be an opportunity to experience the restaurants, bars and nightlife the town has to offer.

Accommodation

A True Alpine Stay

When off the bike, our riders will be able to enjoy some relaxing time in their cosy private accommodation. All properties are selected to offer guests a mix of comfort, outdoor space, secure bike storage and modern alpine style.

What's included:

- Secure bike storage
- Hot tub
- En-suite twin bedrooms
- Luxury toiletries
- Towels and linen
- Free Wi-Fi and British TV
- Washing machine and dryer

Itineraries

Discover the alpine roads less travelled and the iconic cols that live up to their reputation.

Sample Itinerary

Day 1 - Arrival

Upon arrival at Geneva airport, riders will be met by a private driver and brought to Morzine. Here, at their chalet, they will meet Sam (guide). Afternoon tea will be waiting. Depending on flight time cyclists may get out for a leg stretcher - if they wish.

Day 2 - Warming Up

This will be a medium mountain day taking in some of the Rhône-Alpes' smaller but no less beautiful landscapes.

Day 3 - The Queen Stage

Here you'll get to take on some of the most iconic climbs of Haute-Savoie. The sort of day that glues each rider to the Tour de France, and those iconic stages they will never forget.

Day 4 - R&R (Riding and Recovering)

A shorter day today to ensure the legs are recovered and ready for the two more rides.

Day 5 - Rest Day

Enjoy all that The Alps has to offer by having the day to themselves with their group. We can give you ideas of how best to explore the area or if adrenaline is their thing there is rafting, canyoning, or paragliding on their doorstep.

Day 6 - The Monument

This will be the longest stage of the week riding alongside Lac Léman (Lake Geneva) soaking up a seaside feel surrounded by the Jura mountains on one side and the Chablais Alps on the other.

Day 7 - Finish on a High

There are still more Cols to conquer and this final day will include an ascent of Morzine's most notorious Col.

Day 8 - Au Revoir

Pick up for a short private transfer to Geneva airport to conclude the holiday.

How To Book

The Booking Process

- Bookings can be made directly at slipstreamadventures.com on the dedicated 'BOOK NOW' page.
- Once selected the desired date, the lead booker will be able to pay a deposit for the entire group, which will secure the booking. You will see a Slipstream X Skiology special listed however if there is another date you would like feel free to get in touch
- The deposit consists of 25% of the total cost of the holiday, and the lead booker will receive a confirmation email.
- We then get to the exciting part - planning the cycling adventure!
- The lead booker will then receive by email a digital form to fill out with details of all other members of their group. This allows us to take care of communicating all of the information to every member of the group, and make things a little easier for the lead booker.
- This is also where we will discuss everyone's level, to start planning an individual itinerary.
- 10 weeks prior to the trip, the remaining balance will be due.
- The proposed itinerary for the week will be shared, including 5 guided rides and suggestions for the recovery days and post-ride time off. The itinerary can of course be discussed and tweaked so it perfectly suits each group.

What's Not Included

Flights are organised directly by the riders, however the moment they step down in Geneva, everything is taken care of.

Bike hire (see FAQ on our website for recommendations)

Travel Insurance (see FAQ on our website for details)

Lunch (see FAQ on our website for suggestions)

Dinner on 2 nights (we can facilitate restaurant reservations or suggest takeaway options)
